

THE TROPICO INTER- URBAN SENTINEL

Devoted to Tropico, the San Fernando Valley and Southern California

VOL. VI

TROPICO, (Los Angeles Postoffice) CALIFORNIA, WEDNESDAY, SEPTEMBER 13, 1916

NO. 36

POLITICAL HONORS FOR DR. JESSIE A. RUSSELL

Tropico and Glendale, both of whom claim Dr. Jessie Russell as their own, are all puffed up with pride over the great political honor that has come to her and to the sex through her.

She has long been known as a very able organizer, and political managers who discovered her ability have been profiting by her help in recent campaigns. She proved a most efficient manager of the Booth for Senator campaign and when party heads from New Mexico came to Los Angeles in search of an efficient leader to organize and push the Republican campaign in that state for the next six weeks, there was no division of opinion among the California Republican campaign workers. Without reservation they indorsed Dr. Russell for the appointment though they were by no means certain that she would consent to leave the State at this time.

When approached Dr. Russell was at first dismayed at a proposal which would entirely upset her personal plans. She was not disposed to offer encouragement or make concessions, but to her astonishment, every

condition she made was accepted and she had no choice but to yield. She is given a handsome salary, will have unfettered control in the management of the campaign and will choose her own assistants in every department.

New Mexico is not an equal suffrage state but at the State convention held two weeks ago, the party indorsed a suffrage amendment and a prohibition amendment. Upon the adjournment of the convention, party leaders decided to attempt an innovation in organization and see if they could find a woman capable of doing the work. Dr. Russell's appointment was the result of that decision.

It is the biggest thing that has ever been offered to a woman in the United States in the way of political recognition. Women have been asked to assist in campaigns, but never before has a woman been placed at the head of a state political organization.

Dr. Russell is a member of the Friday Morning club, vice-president and chairman of program of the Woman's City club, chairman of legislation for seven organizations and an active member of fourteen other clubs and organizations.

She will leave the last of the week for New Mexico.

A HEALTH-WINNING RETREAT

It is quite a span of years since Benjamin Franklin, in his quaint way, propounded the phrase, "An ounce of prevention is worth a pound of cure." Nor is this merely a happy phrase. It is a profound observation. Evidently the compiler of Poor Richard's Almanac understood the philosophy of keeping well.

A practical, modern-day demonstration of this shrewd philosophy is to be had right close at home—at the Glendale Sanitarium. Here attention is given not alone to the immediate ailments of the patient but, what is equally important, you learn the simple decalogue of right living.

The comprehensive treatment of this institution embraces much more than the administration of Hydrotherapy, Electrotherapy, Massage, Manual Swedish, Dietetics—important and necessary as all these are. You learn how to eat, how to sleep, how to breathe, how to work, how to relax, how to sit, how to stand, how to walk—since all these things have a definite bearing on your efficiency or lack of it. You learn where the benefit of exercise ceases and the harm begins—and so you are spared the discouragement of going backward instead of forward.

There is no midnight or mystery about our methods. Air, light, heat, water, electricity—these are the natural curative agents we employ in our fight against disease.

What impresses you most is the "homey" and cheerful atmosphere of the place. Everyone is optimistic—everyone seems to be gaining in health and strength. Physicians agree that environment is a factor of tre-

mendous importance in the treatment of any disease. This explains why results have been accomplished at the Glendale Sanitarium that would have been rendered impossible had the patient remained at home—even though simple, rational methods were used.

Long experience has taught the medical staff of this splendidly equipped institution that health, like disease, is contagious. In other words, good health can be attained and retained by intensive cultivation. Wrong habits of living, like obnoxious weeds, can be rooted out. With this in mind, the management has provided a comfortable health-winning retreat whose fame has not alone hurdled State boundary lines but has spanned the sea itself.

A notable feature of the Glendale Sanitarium's equipment is its X-ray Department. This takes rank with any of its kind in this part of the country and is under the direct, personal supervision of a trained technician. This Department affords unusual facilities for the use of the X-ray and other valuable remedial agents.

The Glendale Sanitarium occupies five acres of ground in East Glendale and fronts directly on Broadway. The Sanitarium proper accommodates 60 patients while the hospital building affords surgical facilities for 15 additional patients. The maintenance of the Sanitarium involves the employment of more than 100 people among whom are represented resident physicians, men and women nurses, laboratory workers, dieticians, bath attendants, office workers, etc.

A simple request to the business manager will bring detailed information concerning accommodations, rates, etc. Or—if you wish—telephone Glendale 2 or Home 1213.

Lake Tahoe

IN THE HIGH SIERRAS

PROCEEDINGS OF BOARD OF TRUSTEES

When President Peters called the Board of Trustees to order at the regular meeting Tuesday evening, all members were present, also the City Clerk, City Attorney, City Engineer, Street Superintendent, City Marshal and Street Work Inspector, and Health Officer.

No very important business was transacted but several matters of importance came before the Board for consideration.

Boards of Health Conference

Under the call for written communications the Clerk read a letter from the State Board of Health urging the attendance of Tropico's Health Officer at the annual conference of such officials to be held in Visalia September 9th to 16th. Moved by Henry that the communication be placed on file. Carried.

Tax Collection Audit

When oral communications were called for Mr. Hamlin of Los Angeles addressed the Board relative to a proposition submitted by letter at the previous meeting, to make an audit of the books of the County Auditor with respect to the tax rolls of Tropic which are being collected by the County. Mr. Hamlin claims that Tropic is not getting all the tax money collected and showed by means of the Auditor's printed report that there is a discrepancy between the amount actually collected and the amount turned over to the city. He did not question the honesty of the County Auditor but said he was "playing safe for the county" and that this discrepancy finally disappeared in the County's general fund. Said he:

"During the four years that your taxes have been thus collected there has been quite an accumulation of unpaid taxes known as 'the delinquent roll.' You are getting very little of that and none of the 5 per cent and 15 per cent penalties. The Auditor contends that municipalities are not entitled to those penalties although the law says they are. There is quite a discrepancy between the actual amount of your roll and the amount collected. In one year for

which I have taken the figures I see that the difference is 9 7-10 per cent. That in itself is sufficient to cause you to investigate. There could not be a 9 7-10 per cent delinquency. The experience of Los Angeles has been that for 7 years their delinquencies have run less than 2 per cent. The amount they recover each year of the taxes of previous years including penalties has been one-half of one percent. It usually runs less than one per cent in small cities. You are not getting the taxes that the Assessor and Collector actually collect."

Mr. Hamlin offered to make the audit for a fee of \$10 per day, or to undertake it for fifty per cent of the amount recovered by the city as the result of the audit.

The matter was discussed tentatively and on motion of Trustee Boyce action was deferred for one week.

Curb Damage

City Engineer Wattles reported a break in the curb 200 feet east of Hill street on the south side of Moore avenue. He stated that he had carefully investigated and could find no evidence that the break had been made by a vehicle; that appearances indicated a blow by a sledge hammer, and he presented a piece of the curb in proof of the fact that it was good sound cement work.

President Peters stated that the matter would be taken up by the Board members individually.

Acacia Improvement

The City Clerk reported she had notified the gas and water company relative to the improvement of Acacia avenue, as instructed. She also announced the receipt of the report of the P. L. and P. Co., of its betterments for July. Moved by Boyce that the report be filed. Carried.

Street Lighting

Mr. Earl Clemons as the representative of Mr. Scattergood, Chief of the Los Angeles Light and Power Department, appeared before the Board to answer inquiries relative to furnishing light to the city of Tropic. He stated it would be physically impossible for the Los Angeles Department to undertake to furnish light by the 22nd of October when the Brand boulevard contract expires but that if the city will arrange to have all its contracts terminate when its general lighting contract expires in November, 1917, Los An-

geles will then be in a position to handle the proposition to the advantage of all parties concerned, probably at a rate of 4 cents with the operating department furnishing all renewals. He stated that the department would undoubtedly be able to run lines to Tropic which, he said, is well situated between two distributing stations.

Fire Hydrant Question

Trustee Seal submitted a written motion which was read by the Clerk, instructing her to have 500 return postal cards printed as per copy furnished and mailed to Tropic voters, the proposed postal cards to be used for a straw vote on the propositions: 1st:—"Shall the Tropic Trustees order the Tropic Water Company to stop furnishing water to our fire hydrants and save \$924 per year."

2nd:—"Do you receive proper water pressure for domestic purposes?"

There was no second to the motion. Trustee Boyce held that however unjust the hydrant rate might be, it was out of the question to disconnect from the water system as it would immediately affect insurance on every fire risk in the city.

Deputy Building Inspector

The City Clerk submitted a request made by C. C. Fairfield for the appointment of Mr. Jennings as Deputy Building Inspector. Moved by Seal that Mr. Jennings be appointed to the office to serve without pay. Carried.

Ownership of Water

Trustee Seal requested the City Attorney to give an opinion on the ownership of the water distributed by the Tropic Water Company as to whether it belongs to the Company or the city. Mr. Shaw demurred that he was being asked to undertake a pretty big contract. Mr. Seal claimed that the reports of the Railway Commission findings on file which he has examined show that the Commission admits Tropic's ownership of the water. President Peters inquired if any of Tropic's water was being diverted by the company to other uses.

Mr. Fram stated that the Company is serving South Pasadena and other territory but whether any of Tropic's water is going that way he could not say.

Demands

The following demands were approved and ordered paid: \$5.55, oil

for Street Superintendent's department; \$1.50 for telephone extension; \$6.00 for Hill street work notices; \$14.00 for the printing of 1000 demands; \$5.70 for publication of ordinance No. 117; \$7.80 for publication of Ordinance No. 118; \$191.33 for August bill of P. L. and P. Co; street labor \$12.50.

School Matters

President Peters inquired whether the Board should take any action relative to the closing of Magnolia school. School Trustee Oliver who was present was asked for an explanation. He answered that it was due to lack of funds and that the lack of funds was due to the limited amount of taxable property. The amount the Board asked for, he said, was \$14690. The amount allowed by the Supervisors was \$11348, a deficiency of \$3342. By cutting out the Magnolia school \$1200 is saved which they did not feel justified in spending for the 16 scholars who would be in attendance there. He also explained the establishment of the kindergarten under a special tax as a matter regulated by law in which the trustees had no option.

The Board then adjourned.

G. A. R. MEETING

A meeting of the veterans of the N. P. Banks Post held last Saturday in G. A. R. Hall was largely attended and several propositions were considered, the one of greatest importance being the suggestion to hold Sunday afternoons regularly, services of a patriotic nature. The enthusiasm which the proposal aroused makes the carrying out of the plan highly probable.

Two resolutions of respect and condolence were adopted. One voiced the regard and appreciation of the Post for their deceased comrade, Andrews, and sympathy with his family. The other resolution expressed sympathy with Comrade Treat in the loss he has sustained in the death of his wife. Messrs. C. R. Norton, Robert Taylor and Dr. Henry were made a committee of condolence to wait upon Mr. Treat.

SCHOOL ANNOUNCEMENTS

In view of certain changes to be made in the Tropic City schools the coming year, the Board of Trustees

authorizes the following announcements:

The schools will open September 18 with the exception of the Magnolia avenue school. Lack of funds has necessitated the closing of one of the new schools and the Magnolia avenue having the smallest enrollment, will be discontinued for the present. The pupils will be transferred to the Cerritos avenue and Acacia avenue schools.

A kindergarten will be opened in the bungalow room of the Cerritos avenue school for children between the ages of four and one half and six years.

The following is a list of the teachers employed for the ensuing year:

Cerritos Avenue School

Robert L. Kennedy, Principal

Teachers	Grade
Robert L. Kennedy	8
Annie Curtis	7
Adaline Mintener	6
Gertrude Lofthouse	5
Emily Ellias	4
Edna Brown	3
Amy Bowerfind	2
Mary Emma Saxton	1

Gladys Hamilton	2 and 3

ABBY P. BARKER,
Clerk.

Re-Opening of Theatre

Messrs. Cole & Miller of Los Angeles, are looking at the Bijou Theatre on San Fernando Blvd. with a view to re-opening it as a first-class moving picture house the first of next week if contemplated improvements can be completed by that time.

Have you noticed Schilling's special sale adv. in this issue?

RANDALL OPPOSED

In obedience to a call for a Congressional candidate who will unequivocally stand for republican pol-

icies, particularly for protection of the citrus industry, Mr. Charles W. Bell of Pasadena, former congressman from the Ninth congressional district, has consented to make the race in opposition to Congressman Charles H. Randall, who is on all the tickets and who really represents no party. Mr. Bell has the support of Messrs. Lostutter, Hahn and Jennings, who competed for the republican nomination at the primaries, and his petitions are now being circulated. He has been warmly endorsed by republican party managers who are working for the election of Hughes and the defeat of the democratic administration. It promises to be a hot campaign, in which Mr. Randall will be forced to show his colors.

WAR ON ENGLISH SPARROW

War on the English, or European House Sparrow in California is being strongly urged by the State Fish and Game Commission. It has been announced that a week will be named in which everyone will be asked to co-operate in the destruction of this bird pest which is characterized as "filthy in its habits, destructive to crops and in addition it drives out native insectivorous birds beneficial to man's interests." Credits will be given boy scouts for destroying these sparrows, which are said to be very good eating, the flesh being palatable and nutritious. A highly recommended recipe for sparrow sandwich follows: After cleaning birds, remove head and feet, season, insert piece of butter in body cavity, place between the pared halves of an Irish or sweet potato. Tie together with threads or fasten with tooth picks and roast in oven.

The rabies epidemic which is carried by infected coyotes is spreading eastward in Utah. Rabid Coyotes are common in the entire western part of the State, and one has been killed within thirty miles of Salt Lake City.

A woolen mill at Marysville, Cal., which has been closed for seventeen years has been purchased by Oregon capitalists and reopened for the manufacture of blankets.

Los Angeles Office, 501 South Spring Street

A DISTINGUISHED VISITOR

Mr. and Mrs. L. P. Abell, former residents of Glendale, have bought attractive residence property at 2444 Atwater avenue and will make their permanent home there.

Mrs. Abell is happy in having her mother with her, Mrs. Alma V. Laferty, a woman of distinction and prominence in Colorado politics. She was twice elected to the legislature of that state and was influential in putting through some very important bills, one of which concerned an amendment of school laws similar to amendments which are to be introduced in the California legislature at the next session. She is also known as the "mother of the eight hour law for women" in Colorado. When first elected she was the only woman member of the legislature. She was treated then however, and ever since with the greatest consideration by her colleagues.

She criticises California for not having more women in office and in the legislature. She thinks the women of this state should interest themselves actively in the management of State institutions, asylums, hospitals, etc., and cites the improvements which have been made along those lines in Colorado. The State Industrial School for Girls was mentioned as a conspicuous example of improvement wrought by women's influence. As now managed and operated under the cottage system it is very like the average up-to-date girl's boarding school, and Mrs. Laferty claims the favorable environment provided and consideration shown the girls have worked wonders in transformations of character. Mrs. Laferty was born and bred a Republican but was converted to the opposition and is now, to use her own phrase, "a rampant Democrat." She considers Wilson a remarkable president worthy to rank with Washington and Lincoln.

At present Mrs. Laferty is recuperating from an injury and declares she is out of politics, but would probably respond to the call should need of her service arise, for she is of that mettle. If she can be persuaded to remain in California she will no doubt be in great request to help in the various civic movements which are being inaugurated here and in which she has had such valuable experience in her home state.

TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Wednesday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of March 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

Advertising rates furnished on application. The Value of the Tropico Interurban Sentinel as an advertising medium is obvious when its field at the head of the San Fernando Valley is considered. The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

BUSINESS CONTROL

San Francisco found it expedient in the interest of legitimate business to legislate against what might be termed piratical business that subjects merchants to ruinously unfair competition, as is the case when men buy up bankrupt stocks of any sort of merchandise at a price way below the cost of production and then lease for a week or a month a vacant store next door to a regular dealer and proceed to undersell him and take his trade away from him.

Los Angeles is beginning to feel the need of some exercise of municipal control which will forbid the temporary leasing of stores for such purposes. Bankrupt stocks should be disposed of in wholesale lots, never retailed in direct competition with the regular trade.

In this connection the query presents itself whether at some future time all business may not be regulated and licensed. Los Angeles has more trunk dealers than are to be found in Chicago and more than can be supported with profit. Suppose they were doing business under permits; if the number needed to supply the trunk demand had been fig-

TROPICO Interurban SENTINEL

ured out and permits had been refused when the limit had been reached, those numerous trunk dealers would not be treading on each other's heels and leading a precarious existence.

The smaller towns suffer from the same evil, even in the newspaper business. An example occurred recently in a town of ten to twelve thousand population in which were two excellent newspapers, a daily and a weekly, which were paying only a fair return to their proprietors. They were all that the town demanded in the way of local advertising mediums, or of distributors of local news. Nevertheless a man turned up with enough of the sublime confidence of which country editors are made to enter the field and establish a new paper in the effort to get a portion of the patronage. Subscribers were not clamoring for his interpretation of local events and the advertisers, who were loyal as a rule to the established papers, felt the new claimant to be an incubus upon trade though they had not, in most cases, the moral courage to turn him down.

There is many a town where it would be possible to purchase a newspaper which is dying a lingering death for want of an enterprising editor who would put energy and public spirit into his task. Such communities respond at once to the call of a good home paper. Why then do not the country editors who are seeking a chance to serve, look for territory in which their missionary efforts are really needed and where they would be appreciated, instead of trying to gather the crumbs of patronage in towns already supplied with a better article than they are in a position to offer?

If all of the late candidates for supervisor in this, the 5th district, could have been nominated last August, and then elected in November, what a blessing it might have proved to the people. Each one of them promised to save the people untold sums in taxes, and combined, you

know, they might have saved so much the people would have had none to pay!

LOCAL HAPPENINGS

R. O. Wildman, our local expressman, drove over to Hollywood a few evenings ago, and now he is suffering from a grippy cold. He neglected to take his coat along.

Harry S. Walsh, son of Mr. and Mrs. C. A. Walsh of Perlita avenue in the Atwater Tract, died last week Tuesday, after a lingering illness, and was buried Thursday in Forest Lawn cemetery.

Mr. and Mrs. W. H. Weller were Friday and Saturday guests in the home of J. Herbert Smith. Mr. Weller, who is the nephew of Mr. Smith, is transferring his home from Portland to Los Angeles.

Mrs. H. D. Sawtelle of 447 Gardena avenue, has had the pleasure of entertaining her brother, Mr. Jack Waldron, and his wife, who are residents of New York. They expected to leave for the east this week Tuesday.

The contract for the K. P.'s fine new two-story brick building on the corner of Brand boulevard and Park avenue has been let to Joe Burke of Blanche avenue and clearance of the ground has already begun. It will be the home of the consolidated lodges of Tropicco and Glendale, Twin City Lodge No. 330.

Nelson C. Burch, ex-city clerk of this city, is confined to his residence on West Cerritos street with an affection the doctors define as membranous croup. He has not been able to leave his rooms since election day; nevertheless he has not lost interest in current affairs, and during his waking hours he sits in his chair devouring the papers and magazines of the hour. Mr. Burch will be 81 years of age on the 11th day of next October.

Mr. Charles Kelchem, Superintendent of the S. P. Branch at Stockton, drove down in his automobile last week and spent a couple of days with the families of C. C. Chandler and C. L. Peckham, who knew him years ago in Chicago.

Twin City Lodge, No. 330, Knights of Pythias sent a strong working team to Sawtelle Tuesday night to confer the rank of Knight upon five Esquires of the sister lodge. The team was accompanied by about forty members of the local lodge.

Mrs. Warner of Los Angeles, accompanied by her mother and daughter, visited over Sunday in this city with the family of Oscar Dennison, 226 Mira Loma. The Warners used to live in Tropicco. Miss Warner is a professional pianist of merit.

Robert Carmack is not letting any handicaps interfere with his school plans. Monday morning he entered with other students at the Union High. He went in an auto with his father but hopes soon to discard his crutches and have the free use of his feet.

The Masons and the Knights of Pythias suffered a common bereavement in the death Sunday morning of J. Homer Stacy of Glendale, after a very brief illness. He was but 32 years of age, and a member of both organizations.

S. A. Davis and family returned Saturday from their visit to the old home in and near Newton, Kas. We found Sam Monday evening at the office of the feed and fuel company on San Fernando boulevard recounting a new yarn to a bunch of interested listeners, from which we infer the folks "back yonder" treated him well while he was with them.

Edgar A. Ayers, of West Park avenue, a structural engineer who has offices down in the city, met with a painful accident a week or ten days ago. Mr. Ayers had gone to the Union Iron Works shops to personally superintend some work that was being prepared from his plans, and as he held a chisel used for cutting bolts while a fellow-workman wielded the hammer, a large particle from the bolt being cut flew off and struck him on the left cheek, just below the eye. The wound, at first, was not thought to be serious, but it soon developed blood poison, and for several days Mr. Ayers' case was critical. All danger, however, is now passed, we understand, and Mr. Ayers will soon be able to resume his duties.

HOME AGAIN

Mr. and Mrs. Hal Davenport reached Tropicco Tuesday evening of last week after an absence of several months, the greater part of which was spent at Culbertson, Nebraska, where Mr. Davenport's father made his home and where he died July 9th. The settlement of the estate consumed considerable time but visits were made in Omaha and Nebraska City. They came home by way of San Francisco where they spent a couple of days. The summer in Nebraska was intensely hot and the thunder storms very trying to the nerves of the Californians. Mrs. Davenport says she never saw finer crops of corn and wheat than are to be seen in most parts of Nebraska and that the farmers as a class are making money. She and her husband are glad to return to California, however.

Lamanda Park is credited with the organization of a company of Independent Cadets made up of women. It will be a hospital corps.

WANTED: A CITY FORESTER

San Fernando has a city forester and a number of other small cities in Southern California have such an official.

Tropico could utilize an officer of that description for the trimming of street trees and for the cleaning of parkways and lots. Perhaps it could be combined with some other office if an incumbent could be found who is intelligent in regard to seasons and methods of tree pruning and also in the employment of tree surgery for the cure of disease, and treatment for the extermination of scale, etc. An ignorant official would be worse than none. The cost might be met in part by penalties imposed upon lot owners who have failed to keep their properties tidy and free of weeds. The City Clerk declares that the weed tax can not be collected at home and that Los Angeles tax officials will not undertake the collection of special taxes. Citizens who have discussed the matter take issue with her opinion and believe a way could be found to collect these taxes and that something could be done to clear away the tall weeds which trespass upon the sidewalk along several prominent thoroughfares and which must very unfavorably impress visitors. We do not want a vandal turned loose on the job who will set fires and allow them to destroy all vegetation in sight leaving trees with shrivelled foliage and blackened trunks, but, as before remarked, a man of intelligence who will conserve the beautiful and destroy the unsightly. A city forester could also have charge of our parkways and see that they are kept in order. Perhaps some city employee may be discovered who has the needed technical knowledge and intelligence to undertake this work in addition to the other service he is already performing for a small additional compensation which would be covered by a tax.

Mr. Charles H. Cushing, City Librarian, was guest of honor at a birthday party given at the Cushing home on the 7th instant. It was a family affair to which a few outside friends were invited. There was a birthday cake with candles, and some birthday jokes.

MRS. SIGLER HONORED

Mrs. E. A. Sigler of Phoenix, Ariz., is the guest of her mother, Mrs. Parkinson of 3449 Atwater avenue. She will probably remain for several weeks longer. She has been the object of considerable social attention and was the guest of honor at a luncheon given last week by Mrs. Garben of Perlita avenue, other guests being Mesdames Parkinson, Brown, Hawkey and Guth. It was a mid-day function, perfect in its appointments and with beautiful floral decorations.

School opened at the Union High Monday with the following corps of teachers:

Mr. J. N. Clark, Mathematics; Miss M. Donichy, Latin; Miss E. Eggert, German; Miss E. Fenton, Spanish; Mr. A. L. Ferguson, Mathematics; Miss B. F. Field, Spanish; Miss D. C. Fish, Physiology, Biology; Mrs. D. L. Gibson, Music; Miss H. Goldwaite, Stenography, Typewriting; Miss M. Grinnell, Algebra, Gymnasium; Miss E. J. Hanson, Cooking; Mr. W. I. Hildebrand, Woodworking; Miss V. E. Holloway, Sewing; Mr. C. E. Houdyshel, General Science; Mr. H. L. Howe, History; Mr. H. C. Joy, Commercial Work; Miss M. Knepper, English; Miss M. Muller, Design, Applied Art; Mr. A. R. Oliver, Mechanical Drawing; Mr. C. D. Poore, Chemistry; Miss D. B. Poppy, English; Mr. E. C. Richardson, Machine Shop, Forge; Mr. W. D. Root, English; Mr. G. F. Sawyer, Bookkeeping, Penmanship; Mrs. F. L. Scott, Sewing; Mrs. N. B. Shepard, Drawing; Miss E. M. Soper, History; Miss A. C. Terry, Oral Expression; Miss E. L. Wall, Mechanical Drawing; Mr. E. H. Wright, Hygiene, Gymnasium; Mrs. D. Wilson, Latin, English.

Cecil Wilcox, editor of the Lankershim Laconic has enlarged his paper; also its publication quarters by the purchase of the Gates and Crane Undertaking and Furniture business in the Kemp building, the rear of which will be occupied by the printing plant.

A site has been selected for a new Jesuit college in Los Angeles which is to cost nearly a million dollars.

A million dollar beet sugar factory has been incorporated at Corcoran.

NEW COMERS

New comers who are going to be very desirable citizens are swelling the population of Tropico and its environs. One of these is Mrs. H. J. Bugge, a recent arrival from the State of Washington. She owns the desirable residence property at 244 Mira Loma which she has rented heretofore, but she has now decided to occupy it herself and if she likes Tropico may make her permanent residence here.

Within a stone's throw of Mrs. Bugge are Mr. and Mrs. Martin, young people from Los Angeles who have taken the bungalow at 433 Gardena avenue. They have been here about a month and like our little city very much, particularly in their locality.

Mr. and Mrs. Sexsmith, who live at 445 Gardena avenue have been here a little longer, as they took possession last spring. They are now entertaining relatives from Vancouver, Canada, their mother, Mrs. G. S. Sexsmith, (a vigorous, lively lady of 83 summers and no winters) and her son. The visitors like California very much, but Mrs. G. S. Sexsmith is so loyal to Canada that she does not encourage the suggestion that she make her permanent residence her.

OLD SETTLERS' PICNIC

Everybody will be welcome at the Old Settlers' Picnic to be held next Saturday, September 16, at Echo Park, Los Angeles.

This association embraces all the territory comprising Glendale, Tropico, Burbank, Eagle Rock, La Crescenta, La Canada and the San Fernando Valley, and everybody interested in this section will be welcomed.

Bring your luncheon. Coffee will be furnished free.

Be at the park by noon if possible and come filled with the spirit of "Auld Lang Syne."

J. C. SHERER, M. C. and Pres.
N. C. BURCH, Secy.

CARD OF THANKS

Mr. and Mrs. C. A. Walsh and family wish to express their intense gratitude to residents and neighbors in the Atwaster Tract for their kindness and floral offerings to our son and brother Harry during his illness.

Miss Elizabeth Sanford returned to Tropico last Friday, preparatory to re-entering the State Normal in Los Angeles which opened yesterday (Tuesday) for the fall and winter term. Miss Sanford is a niece of Mr. and Mrs. W. R. Alexander, on Blanche avenue. Her parents live near Bishop, close to the eastern bor-

der of the state, and it was with them she spent her summer vacation. She is fitting herself for a teacher.

If you think this copy of the Sentinel is worth 2c, send us your address and one dollar and order it mailed to you for one year.

BIRTHDAY ANNIVERSARY

A highly successful function was the celebration of the third anniversary of the establishment of the Glendale News as a daily newspaper. It came off last Thursday evening and was a moveable feast in that the banquet was served in the spacious, attractive dining room of the Glendale Sanitarium, while the feast of reason which made up the major part of the program was dispensed from the temporary rostrum erected near the west wall of the News building on Broadway.

The banquet guest list included members of the Los Angeles County Editorial Association (of which Mr. Jay H. Randall is secretary) Glendale city officials and members of the Glendale City Council, and officials of the chambers of commerce of Glendale and Tropic.

The main banquet table was centered with a small press made festive by bows of purple tulle and which was flanked by vases of roses and cosmos, chandeliers were draped with pepper boughs and the whole decorative scheme proved highly effective from an artistic standpoint. The six-course vegetarian menu and the service were above reproach and guests were in a responsive mood when the after dinner program opened with an appropriate speech of greeting and appreciation by the host, A. T. Cowan who described the impressions registered by his first visit to California and to Glendale which had led to his purchase of the News. He expressed his satisfaction with his field and his paper and introduced Secretary Randall who suitably responded to the greeting of Mr. Cowan and voiced the appreciation of the Association. Mr. Randall then introduced Dr. Jessie Russell who had been engaged to address the Association in regard to proposed amendments of the state law in connection with school elections.

Dr. Russell has learned to speak rapidly and effectively on any subject she has at heart, and she made very clear to a receptive audience the deficiencies of our present school election system. The amendments she advocates have been carefully prepared with the co-operation of County Superintendent Keppel, who

TROPICO Interurban SENTINEL

is more alive to defects in this line than the average citizen. The main features are election announcements in the local press and more public posting of election notices, uniform ballots for all candidates and voting booths to insure the secrecy of the ballot, registration of voters, and regulation in regard to electioneering in the vicinity of the polls.

Throughout the dinner and between addresses the Thorpe Orchestra furnished music which was warmly applauded by the guests. At the close of Dr. Russell's talk an adjournment was taken to the out-door rostrum where the Glendale Municipal Band furnished more music and where the Glendale populace had gathered in automobiles and on foot to enjoy the program. There speeches were made by A. S. Dudley, assistant Secretary of the Los Angeles Chamber of Commerce, E. M. Boyd of the San Pedro News, Judge Harlan Palmer, President of the Southern California Editorial Association and W. R. Reece of the Huntington Park Signal. The program closed with a vocal solo by Mr. Leo Goode which so pleased his hearers that an encore was demanded.

DUST COLDS

Tropico numbers at least two victims of bad colds, Mr. Shipman, foreman of the Box Factory, also a K. P. member, was laid up for several days last week but is now out. Harry Schaeffer was taken sick Friday and had to give up his work. He was missed Friday evening at the Yeomen meeting.

TROPICO Interurban SENTINEL

Mr. and Mrs. J. F. Proctor have taken an apartment in Hotel Tropico. They feel very much at home as they managed the property for two years.

Elder Simon Yundt of Pomona, preached last Sunday, both morning and evening, at the Church of the Bretheren, on North Glendale avenue.

The Ladies Aid of the Methodist church met Tuesday for an all day meeting of preparation for a November bazaar. There was a big attendance and dinner was served in the social hall.

The forty old soldiers and members of the local post who attended the G. A. R. reunion at Huntington Beach, have all returned to Tropico and Glendale.

The Library Board met Monday evening and reviewed its periodical list. Some magazines will be dropped and others added. The secretary was instructed to secure bids for supplying the periodicals.

The Railroad Men's Gun club is putting in a rifle range at its new club grounds at Glassell Park. W. E. Palmer, the secretary, was in Tropico Tuesday recruiting new members for the club which is affiliated with the National Rifle Association, and was offering special inducements to join now.

Mesdames Rider, Brown, Dunham, Patterson, Moody, Elder and Alexander represented the Tropico Auxilliary of the Federation of Aid Societies of the Los Angeles Presbytery at Long Beach convention last Thursday, September 7. Two hundred and forty delegates were present, and a great fish dinner was served during the day.

Mr. and Mrs. Earl V. Coleman and Miss Cora Hickman were guests Monday evening at the birthday celebration of the first anniversary of the institution of the Van Nuys Chapter of the Eastern Star. About 65 members and guests were present. A delicious banquet was served each plate being graced with a small birthday cake bearing a candle and all the candles were lighted at once with most festive effect.

Mr. and Mrs. Landon Haynes and children, Audrey and Landon Jr., spent a few days at Venice last week.

Mr. and Mrs. James Huling and Mrs. Sarah Cooley of Los Angeles visited Mrs. Landon Haynes of 310 West Cypress street.

A party of young people which also included Rev. Don Ford and Doctor Lucas, spent last week in Sturtevant's Camp on Mount Wilson. During their stay they made an early morning hike to the top to see the sunrise. The party included Margery Wallace, Beatrice Gile, Dora Hewitt, Will Hewitt, Frank and Robert Smith of Los Angeles.

Mr. C. F. Smith and family, late of Empire, Stanislaus Co., Cal., arrived by auto in Tropico Friday evening, and are stopping for the present with Mr. Smith's father-in-law, M. M. Eshelman, on Blanche avenue. Mr. Smith and his family expect to make Tropico their future home. Mr. Smith is a carpenter and contractor by profession and already he has had two good offers of work.

Rev. O. P. Rider, who recently returned to his "flock" in this city from a very pleasant visit "back east," was given a reception at the Presbyterian church Tuesday night. The happy event was celebrated with a watermelon feast, the relation of vacation experiences, and the reading of "Rev. Rider's Reveries," a fanciful poem by Mr. Edgar Frye. Eighty or more of the membership and friends were present. We will publish the lines depicting what may well be supposed to have been Rev. Rider's reveries during his trip in the next issue of this paper.

TROPICO'S TAX RATES

Tropico's County tax rate as shown by preliminary sheets issued by the County Auditor's office is \$1.75. The municipal tax rate is \$1.21. The combined tax rate will therefore be \$2.96 to which must be added the one cent special tax for flood control.

The County tax rate of \$1.75 is made up of the following items: for County purposes 52 cents; for schools \$1.23.

The school rate of \$1.23 is distri-

buted as follows: Kindergarten special 9 cents; common school special 30c; high school special \$37c; common school bonds and interest 11c; high school bonds and interest 7c; general county common schools \$15c; general county high schools 14c.

Glendale's County tax is \$1.80. The five-cent difference is found in school taxes which are \$1.28. The school tax for kindergarten is only 4 cents against Tropico's 9 cents but the tax for common school bonds and interest is 21 cents against 11 cents in Tropico.

Burbank has a County tax rate of \$1.71, a city tax rate of \$1.00.

Barstow has the largest cyanide plant in the state.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

EX-CONGRESSMAN BELL TO OPPOSE RANDALL IN RACE FOR CONGRESS

Charles W. Bell of Pasadena, former state senator and former congressman from the Ninth district, was last week tendered and accepted the support of both elements of republican party, provided he would make the race for congress against C. H. Randall, incumbent, as an independent. Pitted against Edwin F. Hahn, L. L. Lostutter and William H. Jennings, all regular republicans, Mr. Randall won the republican nomination at the recent primary as well as the democratic, progressive and prohibition nominations, for which he had no opposition.

The meeting was at the republican headquarters, 631 South Spring street, Los Angeles, and was largely attended. John McDonald of Pasadena placed the former congressman in nomination, and he was unanimously endorsed. In the meeting were many progressives as well as republicans, and it partook of the nature of a get-together gathering.

Each of the three defeated republican candidates—Mr. Hahn, Mr. Lostutter and Mr. Jennings—spoke in support of Mr. Bell and offered hearty support.

After being summoned to the meeting from the Alexandria hotel Mr. Bell made a brief address in which he pledged himself to work for national prohibition, protection of home industries and free tolls for American ships passing through the Panama canal, if successful in the race for election. He asked the united support of progressives and republicans and pledged his own most earnest efforts for success.

Mr. Bell said: "I shall diligently work for the election of our republican standard-bearer, believing that Charles E. Hughes can best preserve peace and bring honor and prosperity to our nation.

"I deem it but fair that voters should know in advance how candidates stand on certain vital questions of policy. I stand for the protection of American products and industries; I introduced in congress the amendment for the restoration of tariff on our citrus fruits, and spoke and voted against the unjust democratic bill which has hit California's products so hard. I circulated a petition which forced the rules committee to report out the national prohibition resolution, and spoke and voted for that moral and economic measure, as each additional state which goes into the 'dry' colony, makes not only for the peace, happiness and comfort of the residents thereof, but lends substantial aid to national prohibition, I shall as before work and vote for 'California dry.'

"As the author of the resolution in the state senate of California which gave our women the right to

vote, and cognizant of the power for good thus conferred, I voted and worked for national equal suffrage.

"In common with every thinking American citizen, I look forward to the time when nations shall find better means of adjustment than the test of battle. In the meantime, with more than half of the world in arms, I believe that America should be adequately prepared both on land and sea. In these preparations private graft must be eliminated. An adequate defending force will forever settle the question as to how our peace shall be served to us and will maintain our prestige, either in an international arbitration court or a league to enforce world peace."

The board of public works of Los Angeles has adopted a formal order notifying the 300 city employees under its jurisdiction that any city employee assigning his salary to a loan shark after October 15 will be dismissed summarily by the board.

This drastic order was issued for the purpose of putting a stop to the practice of city employees assigning their salaries to loan sharks, a practice which the board declares works injury to the service of the city.

During the first six months of 1916 California produced 3920 tons of concentrated tungsten ore valued at \$900,000.

NOTICE INVITING BIDS FOR PRINTING. PUBLISHING AND CIRCULATION PUBLICATION, NOTICES, NOTICES BY PUBLICATION OR OFFICIAL ADVERTISING FOR THE CITY OF TROPICO, CALIFORNIA.

NOTICE IS HEREBY GIVEN, That the City of Tropic will receive sealed proposals or bids for printing, publishing and circulating publications, notices, notices by publication, or official advertising for the City of Tropic, to be done under the specifications adopted September 5th, 1916, by the Board of Trustees of said City of Tropic, and on file in the office of the City Clerk of the City of Tropic, reference to which is hereby made.

Said proposals or bids will be received by the City Clerk of the City of Tropic up to the hour of 7:30 o'clock P. M. of Tuesday, the 19th day of September, 1916.

By order of the Board of Trustees of the City of Tropic at its meeting of September 5th, 1916.

MARGARET R. COLEMAN,
City Clerk of the City of Tropic.

"THE MILK YOU WILL EVENTUALLY BUY."

It's Perfect Sanitation all the Way

Why use pasteurized milk which is 24 to 36 hours old from outside dairies when you can get fresh raw milk from your own home dairy, delivered morning and night, two hours after milking? Doctors recommend raw milk, not pasteurized from dairies like McMullins, for babies.

NOTICE INVITING STREET WORK PROPOSALS

Pursuant to the Improvement Act of 1911 and to Resolution No. 237 of the Board of Trustees of the City of Tropicico, adopted September 5th, 1916, directing this notice, the City Clerk of said City of Tropicico hereby gives notice that she invites and will receive in her office in the City of Tropicico, in the City Hall of said City, at the southwest corner of Brand Boulevard and Tropicico Avenue, up to 7:30 o'clock P. M. Tuesday, September 26th, 1916, sealed proposals or bids for doing the following work according to the specifications hereinafter mentioned, which said specifications are conspicuously posted near the council chamber door of said Board of Trustees, and on file in the office of said City Clerk, to-wit:

FIRST: That Hill Street from the south line of Moore Avenue to the north line of Green Street be graded to the official grade, and that the roadway of said Hill Street between said lines mentioned, except where a bridge is to be constructed thereon as hereinafter described, be macadamized to official line and grade in accordance with Plans Nos. 79 and 79-A, adopted by said Board of Trustees and on file in the office of the City Engineer, and in further accordance with Specifications No. 79, adopted by said Board and on file in the office of the City Clerk.

SECOND: That a cement gutter 3 feet in width be constructed along each side of the roadway of said Hill Street from the north line of Green Street to the southerly line of Sycamore Canyon Wash, in accordance with the above mentioned Plans Nos. 79 and 79-A, and the above mentioned Specifications No. 79.

THIRD: That a cement curb be constructed along each side of the roadway of Hill Street from the southerly line of Moore Avenue to a line 6 feet south of the north line of Green Street, except across Sycamore Canyon Wash, in accordance with the said Plans Nos. 79 and 79-A and the said Specifications No. 79.

FOURTH: That a cement sidewalk 5 feet in width be constructed along each side of Hill Street from the southerly line of Moore Avenue to a line 6 feet south of the north line of Green Street, except across Sycamore Canyon Wash, in accordance with said Plans Nos. 79 and 79-A

and the said Specifications No. 79.

FIFTH: That a wooden bridge and connecting walks be constructed in said Hill Street across the channel of Sycamore Canyon Wash, in accordance with said Plans Nos. 79 and 79-A and said Specifications No. 79.

SIXTH: That a wooden bulkhead, approximately 45 feet in length, to protect said Hill Street and other streets of the City of Tropicico from overflow by water from the Sycamore Canyon Wash, shall be constructed in accordance with said Plans Nos. 79 and 79-A and said Specifications No. 79, in a certain right-of-way owned by the City of Tropicico for that purpose, which said right-of-way was conveyed to said City of Tropicico by Edna Price and Charles H. Price by a certain deed dated August 5th, 1916, and accepted by the Board of Trustees of said City August 8th, 1916, and is described as follows:

"A strip of land 10 feet in width, being portions of Lots 1 and 3 of Ungerland's Subdivision as per map recorded in Book 8, page 41 of Maps in the Recorder's Office of Los Angeles County, the center line of said strip being described as follows: Beginning at a point in the east line of Lot A of Tract No. 392, as per map recorded in Book 14, page 131, of Maps in the Recorder's Office of said County, which point is south 2 deg. 44' 20" east 60 feet distant from the northeast corner of said Lot A; thence north 72 deg. 15' 40" east 45 feet to a point, said strip of land being bounded on the west by the east line of said Lot A, and bounded on the east by a line at right angles to the above described center line."

SECTION 2. That the said contemplated work or improvement in the opinion of said Board of Trustees is of more than local or ordinary public benefit, and the said Board of Trustees makes the expense of said work or improvement chargeable upon the district hereinafter described, and declares that the district in said City of Tropicico benefited by said work or improvement is described as follows:

Beginning at the intersection of the center line of Moore Avenue with the northerly prolongation of the west line of that portion of Lot 41 of Watts Subdivision of a portion of the Rancho San Rafael, recorded in Book 5, page 200, Miscellaneous Records of Los Angeles County, as described in deed recorded in Book 308, page 84

of Deeds, records of said County; thence southerly along said prolongation and west line of said portion of Lot 41 to the south line of said lot; thence easterly and northerly along the southerly line of said lot to the southwest corner of Tract No. 392, recorded in Map Book 14, page 131, records of said County; thence northeasterly along the southeasterly line of said Tract and prolongation thereof to the southwesterly line of Valley Boulevard; thence northwesterly along the southwesterly line of Valley Boulevard and prolongation thereof to the center line of Moore Avenue; thence westerly along the center line of Moore Avenue to the point of beginning. The boundaries of said district are more particularly shown by a map thereof adopted by said Board of Trustees on the 15th day of August, 1916, and on file in the office of said City Engineer, which is hereby referred to for further particulars.

SECTION 4. The said Board of Trustees determines that serial bonds shall be issued to represent each assessment of \$25.00 or more for the costs of said work or improvement; said serial bonds shall extend over a period of nine years from the second day of January next succeeding the date of said bonds and shall bear interest at the rate of seven per cent per annum and an even annual proportion of the principal sum thereof shall be payable by coupon on the second day of January of each year after their date until the whole is paid and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year at the rate of seven per cent per annum on all sums unpaid until the whole of said principal and interest have been paid.

Bidders must file with each proposal or bid a check payable to the said City and certified by a responsible bank for an amount which shall not be less than 10 per cent of the aggregate of the proposal, or a bond for the said amount and so payable signed by the bidder and two sureties who shall justify before an officer competent to administer an oath, in double the said amount and over and above all statutory exemptions.

Tropicico, California, September 5th, 1916.

MARGARET R. COLEMAN,
City Clerk of the City of Tropicico.
